

## IMASS v3.02 RELEASE NOTES (31<sup>st</sup> Jan 2007)

### Changes to IMASS XLS 31.01.07 (IMASS v3.02)

- 1) Excel 2003 compatibility issues fixed including the following
  - a) Excel 2003 crashing during closure of workbooks.  
This was fixed by simply opening and saving IMASS.XLS using Excel 2003.
  - b) Plot setting tick boxes not handled correctly under Excel 2003  
IMASS uses closely spaced tick boxes, these were handled correctly under Excel 2002 but Excel 2003 gives problems inaccurately selecting these. This has been fixed by increasing the spacing between tick boxes.
